

Professor Gabriel B. Ogunmola

- Professor of Chemistry and Director Laboratory of Biophysical Chemistry, University of Ibadan.
- President Nigerian Academy of Science, Member, President Advisory Council to the President of Nigeria.
- Member, Executive Committee of IAP.
- Member, Biosecurity Committee of IAP;
- Chairman, ICSU Regional Committee for Africa,
- Member Nominating Committee of ICSU;
- Dean, Faculty of Science, University of Ibadan. 1986-1988.
- Head, Department of Chemistry, University of Ibadan, 1991-1993.
- Olu Allison Professor of Applied Chemistry. 1990-1995 University of Ibadan.
- Member, UNESCO Global Network of Molecular and Cell Biology, Laboratory of Biophysical Chemistry, University of Ibadan.
- Associate in Chemistry of Sheda Science Complex, Abuja.
- Fulbright Scholar at Princeton and Visiting Professor at Universities of California Berkeley Stanford, Minnesonia at various times,
- Member, Network of African Science Academies (NASAC).

Research interest: Biophysical Chemistry; Structure function Relationship in Macromolecules, Protein and DNA, Chemistry, Molecular Pathology of Hemoglobins and Enzymopathies . Genetic Chemistry and Biotechnology.

- Executive Director, Science and Technology Development Foundation Ibadan, Nigeria.
